Security lockout

Key pad or fingerprint access is disabled after several incorrect entries to ensure your property is always secure.

Tamper alert

The mortise will sound an alarm if it is being pried from the door to alert and deter potential tampering attempts.

Masking security code

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

Auto relock

The mortise automatically relocks once the door is shut to give you a greater peace of mind.

Share access

Create entry codes and virtual keys to share with people your trust.

Control from everywhere

Lock, unlock, share access, see who comes and goes & more using your app from anywhere.

Emergency jump-start

Easily jump-start the mortise with a power bank as an emergency measure if batteries are drained.

Volume control

Volume is adjustable to your preference. Select from low, medium and high.
